praised by all for its fine showing in the part it took in the interest of the Tobacco Fair.

After about three weeks delightful weather for the farmers to get their tobacco stripped, we are now having another zero spell with wind and snow.

Messrs. H. C. Stone and Wash Bramel have sold their crops of tobacco to Mr. Win McIlvaine at 756 and Larse Boxes, 10c. 25c. and 50c. FOR SALE BY 7¢ respectively, and Mr. Wood Bramel his crop to Mr. John McGraw at about

It is doubtful if they can equal it at the Paris Exposition. It is to be hoped that by a more careful arrangement of the preliminaries, the next Fair will be attended with less complaint.

The present cold weather is already making itself felt on the river. Reports from the upper end and as far down as Pomeroy are to the effect that boats are compelled to go to the bank on account of ice, and the Pittsburgh and Cincinnati Packet Line decided that it would be unwise to send out the Virginia from Cincinnati. No ice had appeared in the river there, but the river is full of it above, and the forecasted cold weather will augment very rapidly the amount already made. The Pittsburgh towboat Enterprise, on her way to Pittsburgh with an empty tow, wired her managers that the ice was so heavy that she was compelled to lay up at Ravenswood. The James Moren is coming down with a tow of twenty-two barges, and fearing that she may have trouble, Captain Moren sent the Cruiser, which was on her way to Pittsburgh with a tow of empties, to help the Moren. To make matters worse, there is very cold weather in the West. Much colder weather is predicted for this region. Ice in the river in February is not unusual, as about all the heavy ice last year was in February, as it was in '97 and '95. It was thought by many of the rivermen that luasmuch as there has already been a large amount of ice this year, there might not be any more. From present appearance, however, boatmen are in fer a serious time now on account of
